	的故事				
優等	Cyber Classrooms: From Course Blogs to a Learning Management System, Moodle	張玉英	朱志忠		205-222
入選	Improving Critical Thinking Ability Via English Reading Class	胡慧兒			223-238
特優	The Effects of Electronic Pocket Dictionaries on Vocational High School Students' Reading Comprehension and Incidental Vocabulary Acquisition	胡慧兒			239-259
佳作	不出國門也能增進國際視野—本校接待日本利根高校師生參訪經驗分享	張美玲			260-274
優等	多重感官教學在會計學的運用分享	唐玉秋	洪玉華		275-290
優等	考前總複習：史地大富翁利用遊戲方式進行歷史科和地理科的合科複習教學，以士林高商高一體育班為例	陳建鈞	高麗蕙		291-305
優等	身心障礙學生入班宣導之實務經驗分享—以士林高商為例	楊秀華	王麗穎		306-320
佳作	桌球團體爭霸戰—以運動教育模式之教學方案	張祐忠			321-331
佳作	高職綜職科社會技巧課程合作教學模式及內容之探討	簡素珍	簡冠瑜		332-361
特優	動手玩數學—「Geogebra」在數學教學的應用	黃天麒	秦玲美	葉衍作	游益政
優等	咏物詩欣賞及創作教學研究	謝淑麗	林亞婷		379-396
佳作	閉合之間—「迷悟之心」	李瑾雲			397-407

The perfect agent can describe an action that comes (3) before /after another action, and creates a link between two (4) states /times.

Check your answers on page 128. Do Exercises 4 and 5.

1 **Work in pairs. Read these sentences from a gap year student. Decide which options are possible, and discuss the difference in meaning, if any.**

- This is the first time I *work* / *worked* / *work*ed abroad.
- I've *wanted* / *been wanting* / *wanted* to experience different cultures for ages.
- The last group of volunteers *were leaving* / *had left* / *left*.
- I *am working* / *'m working* / *'ve been working* here for almost four months now.
- Every day* / *every day* / *'m experiencing* / *'ve experienced* something new.
- I've made* / *'m been making* / *'m making* two very good friends while I've been here.

2 **Complete the sentences with three pairs of verbs, using a suitable present or past form.**

apply + increase	de + grow	match + grant
left + start	like + rise	

1 In the United States each year around 6,000 students _____ a gap year. The figure _____ steadily for the last few years.

2 Until 2012, the most popular destination for the US gap year student _____ South-East Asia. The population of South America is a destination _____ until it finally took over in that role.

3 To date this year more students in the UK _____ subjects at university than anything else. Applications _____ by four percent since last year.

4 In some countries, the number of students taking gap years _____ for some time. In Denmark, for example, in 2005, the government _____ to reward students who go straight into higher education after school.

5 The number of Chinese students applying for visas to study in Australia _____ by the number of visas the Australian authorities _____ an increase of over 22 percent since 2016.

3 **Make notes about these things. Then discuss them in groups.**

- something I've done that I'm proud of
- something I've been doing for at least five years
- something I do regularly that I'd rather not do
- something I'm changing my mind about
- something I think I'll be doing in two years' time

MY PROMPTIVE
Work in pairs. Discuss the questions.

- Are gap years something that school leavers in your country often consider? Why? / Why not?
- Do you know anyone who has taken a gap from studying? Would you be able to do it?
- Do you think that young people can benefit from a break between school and higher education, or is it more likely to be a disadvantage?

CHOOSE

- Choose a country you'd like to visit. Research gap year in (choose) online and find a rough information as you can. Present it to your classmates.
- Work in pairs. Make a list of things that you think would be good to do in a gap year (in your town / country or abroad). Decide on the best two or three. Then discuss your choices with another pair, and decide on the two best activities.
- Think of something interesting you have done out of school, for example a holiday job, or something you have done with family members or friends. Write a short blog explaining what it was and why you did it.

High school teenager works with younger children in an educational after school program.

'Lone Survivor: The Eyewitness Account of Operation Redwing and the Lost Heroes of SEAL Team 10' by Marcus Luttrell with Patrick Robinson Photo Courtesy: [Goodreads] Lone Survivor is one of the first primary sources from the war in Afghanistan to break into the cultural consciousnesses. 7. 'Eagle Down: The Last Special Forces Fighting the Forever War' by Jessica Donati Photo Courtesy: [Goodreads] In 2015, the Afghanistan War became the longest-running foreign conflict in American history. With all of your hostels booked in advance, there's no need for you to worry about accommodation for the rest of your trip. It is recommended to book the hostel that has the highest average rating (as long as it isn't over the top expensive or a loud party hostel). Connecting the Taliban to the oil and gas industries, this book shines a light on how the Taliban affects the world beyond Afghanistan. It might feel like everyone has a hot take on it right now. With unfiltered honesty, Luttrell's story is one that will remind you to never give up. Whether you're for or against the Afghanistan War — or you're still developing your thoughts — these books can help guide you to a more thoughtful, well-rounded opinion. You'll have one less logistical factor to take into account while you travel. While you'll be able to turn up in any of these places and find a hostel that still has availability, chances are it won't be a particularly great one and you'll be paying a lot for it. In less expensive places around the world—Eastern Europe, Southeast Asia, East Asia, North Africa, Central America—it is not recommended to book your accommodations in advance, no matter what time of the year it is. Photo Courtesy: [Goodreads] When the Taliban are in power, a chief concern remains how the women in Afghanistan will be affected by their reign. You won't have to worry about what to do when you land, and you'll be guaranteed a nice stay in a decent hostel. Because the longer you travel, the more you'll resent having fixed plans. There are some fantastic hostels that don't list themselves online but are cheaper, quieter and much more enjoyable than the alternatives. 6. 'Overcoming: Alone Against the World' by Hamid Zaher Photo Courtesy: [Goodreads] There are a lot of people talking about Afghanistan right now. What if you get sick, but only have two allocated days in the place you're visiting and have to leave without seeing any of it? Nós utilizamos cookies para melhorar sua experiência e fornecer anúncios personalizados. You might also be suffering from jet lag. Photo Courtesy: [Goodreads] Rashid Ahmed's Taliban: Islam, Oil and the Great New Game in Central Asia covers the group that's dominating a lot of the discussion surrounding Afghanistan. On top of that, you'll definitely be able to negotiate a cheaper price if you're planning on staying a week or longer. Popular hostels are often booked out quickly, so if you're always waiting until the last moment to research your accommodation, you'll likely miss out on the best options. It can be difficult! Western Europe, the U.S. and Canada, Australia, and New Zealand are all at their busiest most expensive at the height of summer. It's often overwhelming. The Taliban's beliefs center around a strict interpretation of Sharia Law, which is part of the Islamic tradition. Looking at the two decades of U.S. involvement and the decades of diplomatic disarray, there is so much to take in. If you turn up at a hostel and they've have availability you can generally bargain with the owners for a lower price than is advertised online. Li e aceito a Política de Privacidade. The book details the training process one goes through to become a Navy SEAL. Zaeef was eventually captured and turned over to U.S. forces, who, in turn, detained Zaeef at Guantanamo Bay. While its end seems unclear, Eagle Down: The Last Special Forces of the Forever War by Jessica Donati grapples with just how long the war in Afghanistan has been and spotlights the stories of the people still fighting it. This decision grows more controversial by the day. When you're on the road, plans always change — and you'll really want to be able to take advantage of this. You might think that it would be cheaper to book hostels in advance, but the opposite is true many times. 1. 'Ghost Wars: The Secret History of the CIA, Afghanistan, and bin Laden — From the Soviet Invasion to September 10, 2001' by Steve Coll Photo Courtesy: [Goodreads] You may be wondering, "how did the U.S. end up having enemies in Afghanistan in the first place?" Ghost Wars by Steve Coll answers that and so much more. Namely, the time of year and the destination. For those of you who are new to travel, it is recommended to do this because on the first day of your trip, you'll be arriving in a foreign place with an unfamiliar language, feeling disoriented and tired. Sometimes, however, it's best to turn off all your screens and open a book (or turn on your e-reader or hit "play" on your audiobook). With your entire trip now planned out, you'll have very little opportunity to change your mind and do something completely different. Guantanamo does not always get brought up in the conversation surrounding conflicts that involve the U.S., but we're glad Zaeef brings that into the fold. Not only that but getting a hostel to check it out before committing means that you can get a real idea of what a place and the surrounding area is like rather than only having the online reviews to go by. Before you decide to go ahead and leave some of your bookings up to chance, there are a couple of other factors to take into consideration. Under Taliban rule, the government _____ to reward students who go straight into higher education after school. Even if you're an experienced traveler, you probably know it's wise to do so to give you peace of mind while you fit back into your travel shoes. Moreover, during the Taliban's past rule women and girls were not allowed to attend school and receive an education. But it's a great place to start to understand the conflicts in Afghanistan and the Middle East at-large. This subject wasn't being taught in schools while it was happening, and is hardly a focal point of American History today, so there's a lot to take in here. One of the most frequently asked questions travelers about to embark on their first trip abroad ponder is how much planning they should be looking to do before they leave. Deciding not to make any plans whatsoever and turning up in an unfamiliar city without even your accommodation booked can be a daunting prospect, and yet, for some travelers, it is highly recommended. There are pros and cons to not booking all of your accommodation in advance. (Don't worry, the book will dive deeper into that topic if you're unsure of what that means.) The group was not a political force until the mid-1990s, but Ahmed covers more than that. Former General David Patraeus, who spent a lot of time overseeing the war in Afghanistan, called the book "powerful, important, and searing." There hasn't been enough time for a book to be released that covers today's most current events, but this one focuses on the Obama and Trump eras, which significantly impacted what's happening now. You don't need to like memoirs or books off the beaten path to be informed by this one. Additionally, you can circle a block and ask at five or six different hostels to see what's the best rate they can offer you before you commit. Finally, not every single hostel in the world is listed online. These areas are all used to having backpackers travel through and have hundreds of accommodation options in even the smallest of towns. After all, Afghanistan is a country with a heritage that predates the U.S., so learning about the country outside of the "War on Terror" is important. But, suffice to say, read the reviews to gauge whether that hostel will be suitable for you. This Pulitzer-winning text outlines the U.S.'s relationship with Afghanistan, including the CIA's lesser-discussed work in the 1970s. Abdul Salam Zaeef was a founding member of the Taliban, and My Life With the Taliban is a memoir about the group's formation and development. More thorough understanding of the topic at large. In Overcoming: Alone Against the World, Hamid Zaher shares a queer perspective on life in Afghanistan. The book goes on to tell of a mission where Marcus Luttrell's entire team was slain in battle — except for him. Many of the other plans can be worked out when you're at your destination, but this way you can guarantee some peace of mind for the first leg of the trip. You'll have a thousand emotions surging through your veins as you attempt to get yourself acquainted with this new country. Do you like staying in London in the middle of summer? What if you arrive in a new city, discover you don't like it, but have a full week booked there? Zaher was essentially exiled from Afghanistan and experienced Islamophobia in addition to discrimination for being queer. Photo Courtesy: [Goodreads] After 20 years of military occupation and combat, the United States is planning to pull out of Afghanistan. Pre-travel nerves are real and having one less thing to worry about is important in the run-up to your departure. It was a team of SEALs that eventually captured Osama bin Laden, so there's a lot of insight into the American military contained within this work's pages. It's because of these problems that I recommend going with the flow once you've got the hang of travel. But let's go into even more depth on the advantages and disadvantages of booking your hostel in advance. The most obvious advantage is gaining peace of mind.

Browse our listings to find jobs in Germany for expats, including jobs for English speakers or those in your native language. Expatica is the international community's online home away from home. A must-read for English-speaking expatriates and internationals across Europe, Expatica provides a tailored local news service and essential information on living, working, and moving to your country of choice. With in-depth features, Expatica brings the international community closer together. An ebook (short for electronic book), also known as an e-book or eBook, is a book publication made available in digital form, consisting of text, images, or both, readable on the flat-panel display of computers or other electronic devices. Although sometimes defined as "an electronic version of a printed book", some e-books exist without a printed equivalent.
